
Enhanced Vendor Maintenance

AP-1088

Overview

This Extended Solution to the Accounts Payable module prompts the user for an override password to change the Vendor Name in the A/P Vendor Maintenance if the user does not have sufficient rights to make the change. If the user has sufficient rights to make the change, then an override password is not required.

Installation

Before installing this Extended Solution, please verify that the version level(s) printed on the CD label are the same as the version level(s) of the MAS 90 MAS 200 module(s) you are using. For further information, please see the Upgrades and Compatibility section below. Check your Shipping Manifest for a complete list of Extended Solutions shipped.

For detailed installation instructions, please refer to the Sage website at:

Installing Your Extended Solutions under Windows From a CD

If you have the *autorun* function turned on for your PC, the installation program will start up automatically. If not, find the **autorun.exe** file on your CD-ROM drive and double-click it to start the installation program. Follow the on-screen instructions.

From the Sage FTP site

When your Extended Solution is ready to be downloaded, you will receive an email from 'extendedsolutions.na@sage.com' telling you that it is ready. The email will contain the Customer Name, Cross Reference, a case-sensitive Password, a link via which you can download your Extended Solution, instructions, and a Shipping Manifest. If you have any problems with this order, please email extendedsolutions.na@sage.com and we will assist you during normal business hours.

Extended Solutions Control Center

Installing any Extended Solution will add an Extended Solutions Control Center to the MAS 90 MAS 200 Library Master Utilities menu. When you open the Control Center, the following options will be available:

- Extended Solutions Manuals
- Remove Extended Solutions
- Unlock Extended Solutions
- Merge Installation Files
- Extended Solutions Setup options

Extended Solutions

Custom Office

If you customize your MAS 90 MAS 200, then you must run the Update Utility *every time* you install this Extended Solution.

Setup

Once the disk is installed, you will need to access the Accounts Payable Setup menu screen.

Then choose the menu option for Extended Solutions Setup. Check the 'Enable Extended Solution' box to activate this Extended Solution (Figure 1). The manual for this Extended Solution, if it has been installed, can be viewed by clicking the 'Manual' button next to the 'Enable Extended Solution' check box. It can also be viewed via the Extended Solutions Control Center (see Installation, above).

You should visit this Setup screen after each upgrade or reinstallation of this Extended Solution.

Role Maintenance

The following Task has been added to Accounts Payable, Setup Options:

- Extended Solutions Setup

The following Security Event has been added to the Accounts Payable folder

- Allow Editing of Vendor Name in Vendor Maintenance

Please review your security setup in Role Maintenance and make appropriate changes.

Operation

Any user allowed to edit the Vendor Name field will need to be associated with the security event, 'Allow Editing of Vendor Name in Vendor Maintenance.' Those not associated with the security event who attempt to edit the Vendor Name field in A/P Vendor Maintenance will receive a warning and override prompt (Figure 2). Click Yes to receive the Security Override dialog (Figure 3).

Only users associated with the Security Event will be accepted.

Changes made to the Vendor Name field as part of the setup of a new Vendor do not require the override.

What's New

With the 11-30-08 release:

- Converted to business framework
- Changed security from a password to a security event

Extended Solutions**Upgrades and Compatibility**

The installation CD is labeled with the version of the MAS 90 MAS 200 module for which this Extended Solution was prepared. This Extended Solution will check its compatibility with the appropriate MAS 90 MAS 200 modules and will be disabled if an incompatibility is found.

If you upgrade your MAS 90 MAS 200 modules, this Extended Solution must be upgraded as well. Your MAS 90 MAS 200 dealer can supply this upgrade.
