Installation Instructions and Cautions

PLEASE NOTE: SAGE 100 must already be installed on your system before installing any IIG enhancement. If not already done, perform your SAGE 100 installation and setup now; then allow any updating to be accomplished automatically. Once SAGE 100 installation and file updating is complete, you may install your IIG enhancement product by following the procedure below.

Wait! Before You Install – Do You Use CUSTOM OFFICE?

THIS IS AN IMPORTANT CAUTION: If you have Custom Office installed, **and** if you have modified any SAGE 100 screens, you must run **Customizer Update** after you do an enhancement installation.

But wait! BEFORE you run **Customizer Update**, it is very important that you **print all of your tab lists**. Running **Customizer Update** will clear all Tab settings; your printed tab list will help you to reset your Tabs in Customizer Update. **Custom Office** is installed on your system if there is an asterisk in the title bar of some of the screens. The asterisk indicates that the screen has been changed.

An **asterisk** in a window's title bar indicates that the screen has been modified. This means that **Custom Office** is installed.

Follow all the instructions on this page before you run **Customizer Update!**

Registering IIG products

IIG Enhancement should be registered to be able to use it. If registration is not performed, the enhancement will work in a demo mode for a limited time period. The registration can be still done during the demo period.

Select the **IIG Product Registration** program under the **Library Master Setup** menu of the SAGE 100

If this option is not listed under the Library Master Setup menu, go to the main menu, and select **Run** from the **File** menu. Type in SVIIGR and click **OK**.

Enhancement	Level	Release Date	Serial Number	Unlocking Key
IIG Enhancement	5.10		AAAAAAAAAAAAAAAAA	BBBBB
IIG Enhancement	5.10		AAAAAAAAAAAAAAAAA	BBBBB

Enter **Serial Number** and **Unlocking Key** provided by IIG, and click **OK**.

If multiple IIG Enhancements are installed, Serial Numbers and Unlocking Keys should be entered for each enhancement.

Use the **Print Registration Form** button to print IIG Registration Form.

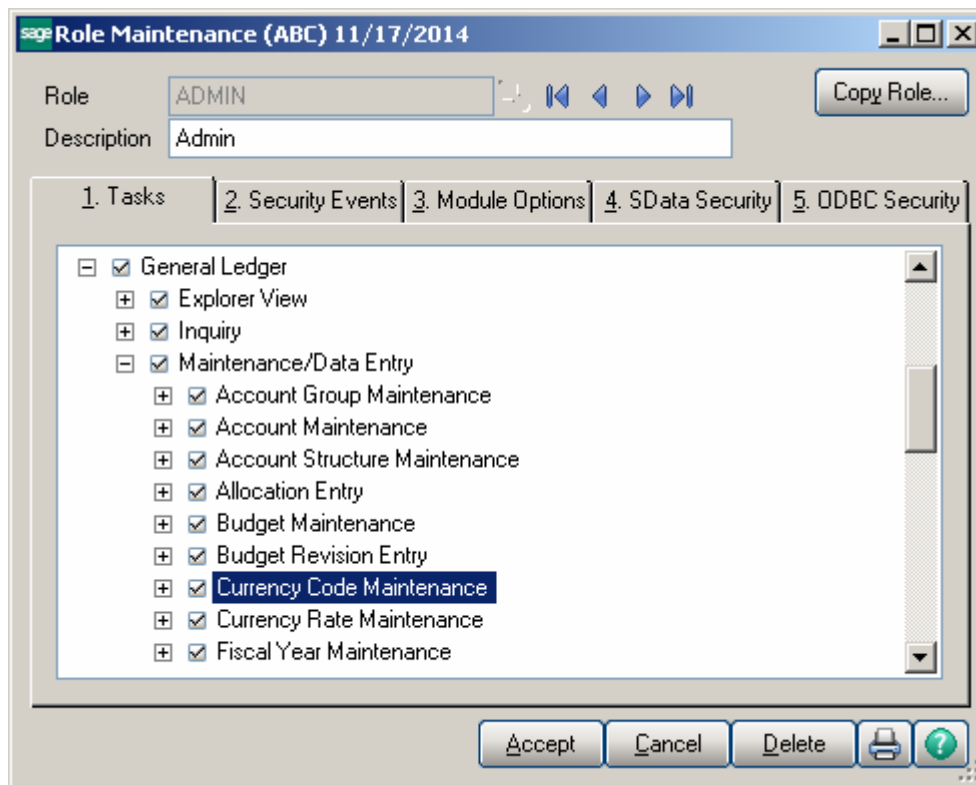

ODBC Security

After installing an **IIG Enhancement**; it is **very important to verify** whether or not the **Enable ODBC Security within Role Maintenance** check box is selected in the **System Configuration** window of your system. If it is selected you must assign ODBC security permissions and allow access to custom data tables/fields for the Roles defined in your system.

Role Maintenance

After installing an **IIG Enhancement**, permissions must be configured for newly created Tasks and Security Events.

Introduction

The MCP enhancement allows for setup of multiple currencies, with their default rates, and rates for any selected date.

Default currency can be setup for each Vendor and its exchange rate will be used as default.

Item's last cost can be set in the Inventory Maintenance in the specified currency.

Purchase Orders, Receipts Of Goods, Receipts Of Invoices can be processed in currency. The currency and rate are loaded when selecting vendor, and can be changed there. Unit Costs, Extensions, and Totals are displayed both in the selected currency and the main currency of the system (USD).

Amounts in the Manual Check can be entered in corresponding currency.

Calculations can be done based on the rate of the Purchase Order date or Check date.

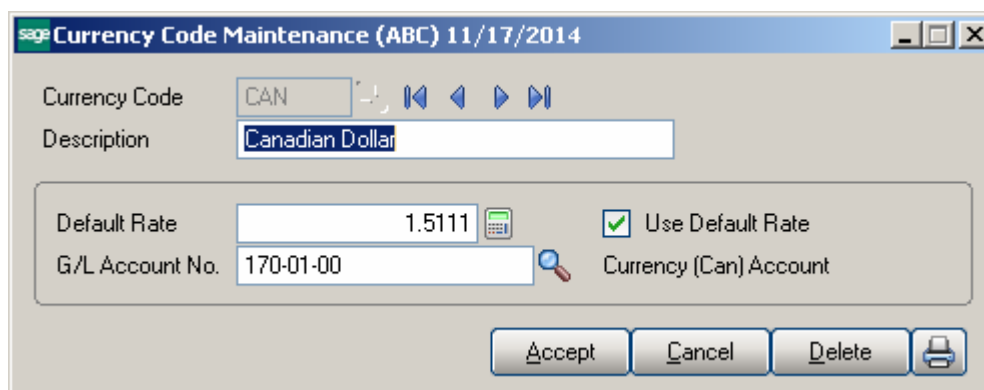

You can print reports in currency using the exchange rate.

General Ledger Setup

Two options have been added to the **General Ledger Setup** menu. **Currency Code Maintenance** allows entering any currency and set up a default rate. The **Currency Rate Maintenance** screen allows for changing the rates of the existing currency at any time.

Currency Code Maintenance

Select **Currency Code Maintenance** from the **General Ledger Setup** menu. The following screen will appear:

The screenshot shows a software window titled "sage Currency Code Maintenance (ABC) 11/17/2014". The window contains the following fields and controls:

- Currency Code:** A dropdown menu showing "CAN" with navigation arrows.
- Description:** A text box containing "Canadian Dollar".
- Default Rate:** A text box containing "1.5111" with a calendar icon to its right.
- G/L Account No.:** A text box containing "170-01-00" with a magnifying glass icon to its right.
- Use Default Rate:** A checked checkbox.
- Currency (Can) Account:** A label positioned to the right of the G/L Account No. field.
- Buttons:** "Accept", "Cancel", "Delete", and a printer icon.

Currency Code - Enter numbers or letters up to four characters.

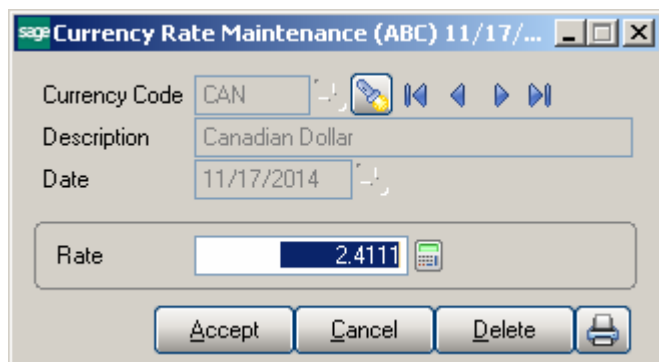

Description - Enter description for the currency.

Default Rate - Enter the rate of the currency and check the **Use Default Rate** box to select the default rate to be used when working in the Accounts Payable and Purchase Order modules.

G/L Account No. - Choose the G/L Account Number from the list by clicking the lookup button, or enter it manually. This account will be used when balancing currency rate fluctuations over time.

Currency Rate Maintenance

Currency Rate Maintenance allows you to adjust the currency rate due to the daily/weekly/monthly fluctuations in international exchange rates. Select Currency Rate Maintenance from the General Ledger Setup menu. The following screen will appear:

The screenshot shows a software window titled "sage Currency Rate Maintenance (ABC) 11/17/...". The window contains several input fields and buttons. The "Currency Code" field is set to "CAN" and has a magnifying glass icon to its right. The "Description" field contains "Canadian Dollar". The "Date" field is set to "11/17/2014". Below these fields is a "Rate" field with the value "2.4111" and a calculator icon to its right. At the bottom of the window are four buttons: "Accept", "Cancel", "Delete", and a printer icon.

Currency Code - Choose the Currency Code you want to make changes to by clicking the magnifying glass icon, or enter the Code manually. Clicking the flashlight icon will display the list of all currencies and rates.

Date - Enter the date for which you are entering the exchange rate.

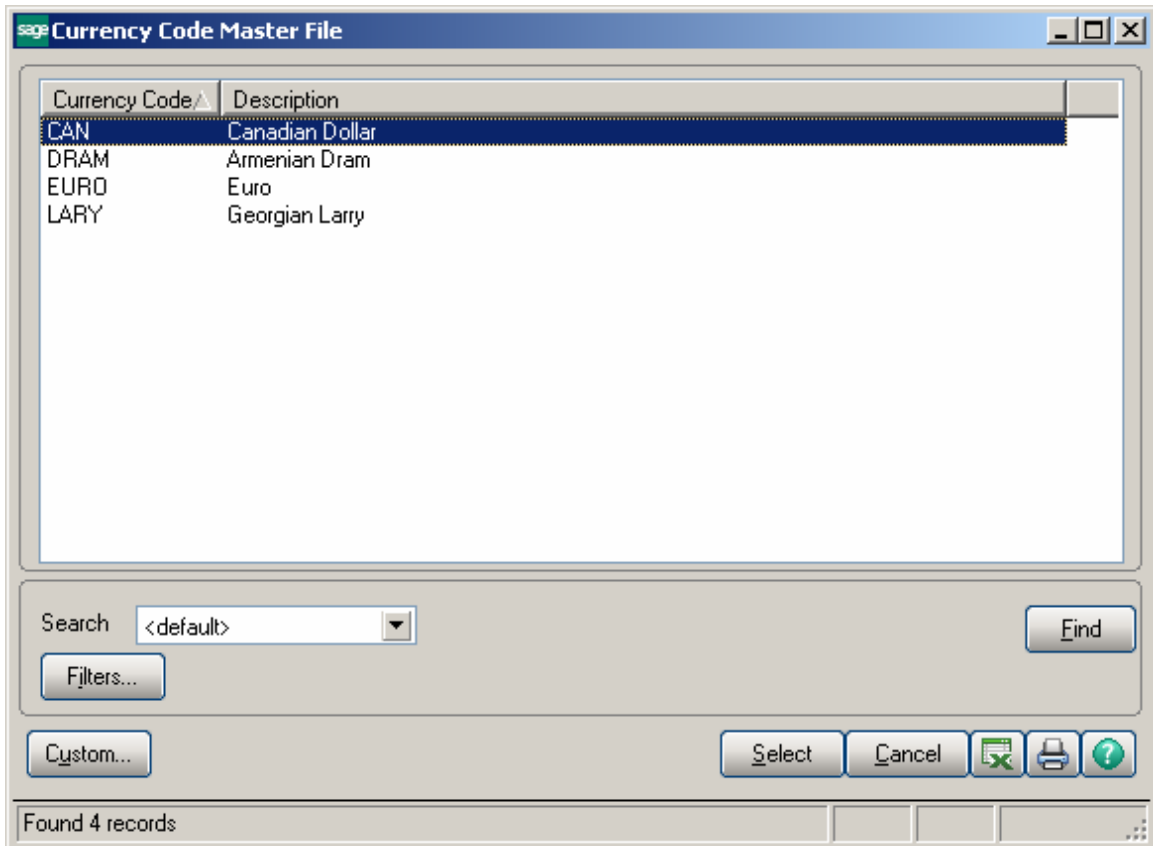

Currency Rate - Enter the current rate of the currency.

Choose **Accept** to accept the entry.

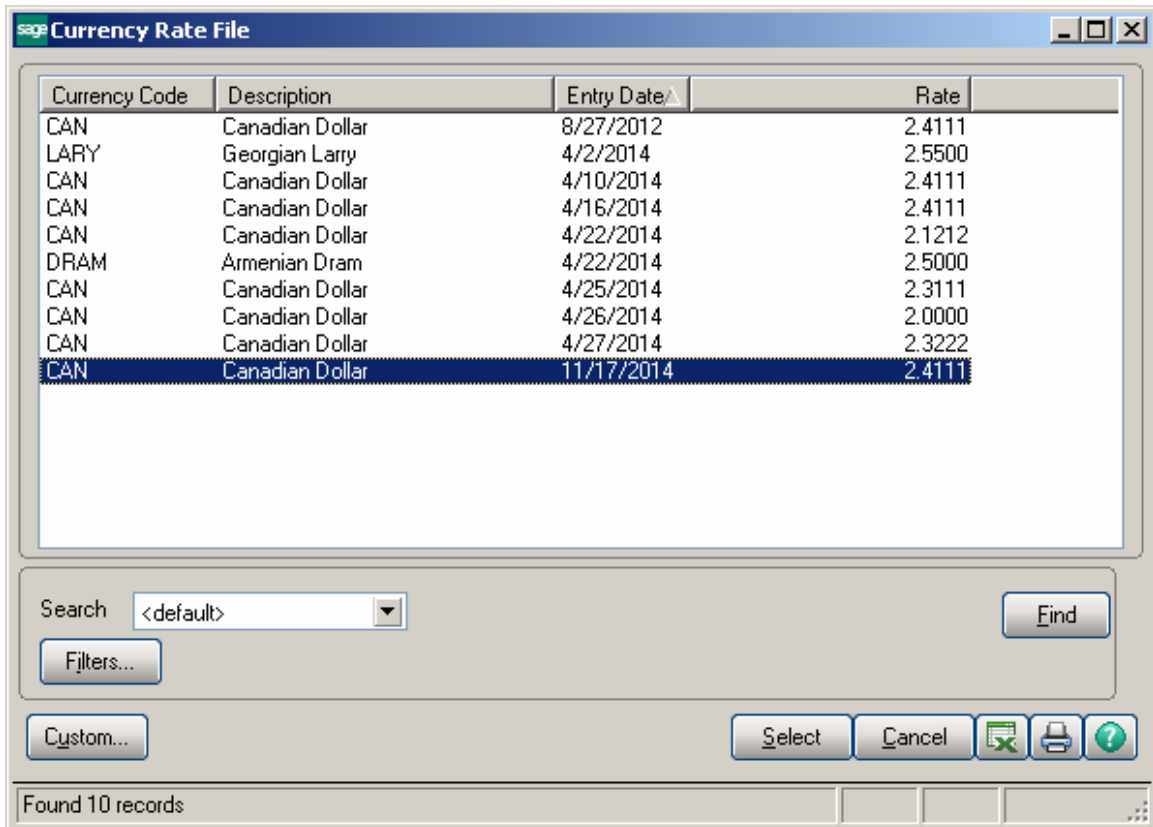

Choose **Cancel** to clear and re-enter.

Choose **Delete** to delete the Currency Rate.

Click the lookup button to display the list of currency codes:

Click the **Flashlight** button to display the following screen with the history of currency rate fluctuations by date:

The screenshot shows the 'Currency Rate File' window in SAP. It contains a table with the following data:

Currency Code	Description	Entry Date	Rate
CAN	Canadian Dollar	8/27/2012	2.4111
LARY	Georgian Lary	4/2/2014	2.5500
CAN	Canadian Dollar	4/10/2014	2.4111
CAN	Canadian Dollar	4/16/2014	2.4111
CAN	Canadian Dollar	4/22/2014	2.1212
DRAM	Armenian Dram	4/22/2014	2.5000
CAN	Canadian Dollar	4/25/2014	2.3111
CAN	Canadian Dollar	4/26/2014	2.0000
CAN	Canadian Dollar	4/27/2014	2.3222
CAN	Canadian Dollar	11/17/2014	2.4111

Below the table, there is a search area with a dropdown menu set to '<default>' and a 'Find' button. There are also buttons for 'Filters...', 'Custom...', 'Select', 'Cancel', and a set of icons for document operations. At the bottom, it says 'Found 10 records'.

Vendor Maintenance

New fields have been added to the additional tab of the **Vendor Maintenance** program to allow users defining and managing foreign currency (in case the Vendor uses foreign currency to make payments).

Select **Vendor Maintenance** from the **Accounts Payable Main** menu and click the **Additional** tab. The following screen will appear:

The screenshot shows the Sage Vendor Maintenance (ABC) 11/17/2014 window. The 'Additional' tab is active. The 'Currency Code' field is highlighted with a blue box, showing 'CAN' and 'Canadian Dollar'. Other fields include Vendor No. (01-AIRWAY), Name (Airway Property), Vendor Status (Active), G/L Account (555-00-03), and Payment Rate (P/O Rate). The 'Print PO in Foreign Currency' checkbox is checked.

Currency Code - From the list select the Currency Code of the currency the Vendor uses for payment, or enter the Code manually.

Use Fixed Rate - Select this box if you want to use a fixed currency rate during Purchase Order, Receipt of Goods and Receipt of Invoice Data Entry.

Currency Rate - This field is shown upon selecting the **Use Fixed Rate** checkbox. The default rate specified in the Currency Code Maintenance is loaded in the Currency rate field by default and it can be changed if needed.

The screenshot shows the SAP Vendor Maintenance (ABC) window for vendor 01-AIRWAY. The vendor name is Airway Property. The window is divided into several tabs: 1. Main, 2. Additional, 3. Statistics, 4. Summary, 5. History, 6. Invoices, 7. Transactions, 8. Checks, and 9. P/Os. The main area is divided into several sections:

- Comment:** A text field for comments.
- Vendor Status:** A dropdown menu set to 'Active'. Below it is an 'Inactive Reason' field.
- Data Entry:** A 'G/L Account' field set to '555-00-03'. Below it is a 'Separate Check' checkbox, which is unchecked.
- Printing:** A 'Sort' field set to 'AIRWAY' and a 'Batch Fax' checkbox, which is unchecked.
- 1099 Form:** A section with 'Vendor Type' set to 'None', 'Default Form' set to 'None', 'Taxpayer ID No.' field, 'Default Box No.' dropdown, and 'Misc Box 9' checkbox.
- Currency:** A section with 'Currency Code' set to 'CAN' (Canadian Dollar), 'Use Fixed Rate' checked, 'Currency Rate' set to '1.5111', 'Payment Rate' set to 'P/O Rate', and 'Print PO in Foreign Currency' checked.

At the bottom of the window, there are buttons for 'Accept', 'Cancel', 'Delete', a printer icon, and a help icon.

Payment Rate - Select **P/O Rate** if you want to use the rate indicated on the Purchase Order Entry, or **Check Rate** to pay an amount based on the exchange rate at the time of payment (check printing).

Print PO in Foreign Currency - Select this box to display amounts in foreign currency when printing Purchase Orders.

The **CurrencyCode** and **CurrencyRate** columns have been added to the **Vendor Maintenance Transactions** tab to display corresponding information.

Use Last Foreign Cost - Check this box if you want to use the **Last Cost** of the product in foreign currency. The amount will be interpreted as amount in the foreign currency represented by the Code displayed in the next field. The amount will be converted to USD based on the rate entered in the **Rate** field.

Purchase Order Entry

Select **Purchase Order Entry** from the **Purchase Order Main** menu.

The screenshot shows the Sage Purchase Order Entry (ABC) 11/28/2014 window. The window is divided into several sections. At the top, there are fields for Order Number (0010065), Order Date (11/28/2014), Order Type (Standard Order), and Master/Repeat PO. Below this, there are fields for Vendor No. (01-AIRWAY) and Airway Property. The main section is divided into two columns. The left column contains fields for Order Status (New), Required Date (11/28/2014), 1099 Form (None), 1099 Box, Sales Tax, Schedule, and Use Tax. The right column contains fields for Purchase Address, Ship-To Address (0000 ABC Distributing Company), Terms Code (03 NET END OF MONTH), Ship Via (FOB), Warehouse (000 CENTRAL WAREHOUSE), Confirm To (Leo Henry), E-mail (lhenry@sage.sample.com), Telephone ((714) 555-0980), Ext (5852), On Hold, Fax ((714) 555-0900), Batch Fax, and Print Order (checked). At the bottom, there are fields for Currency Code (CAN), Print In Currency (checked), Pay Rate (PO Entry), Fixed Rate, Rate (1.5111), and a dropdown menu for Pay Rate (PO Entry, Check). The bottom of the window has buttons for Quick Print, Accept, Cancel, Delete, and a help icon.

The currency information is loaded from the Vendor (if setup for current Vendor). If no currency is setup for current Vendor in the **Vendor Maintenance**, the Currency info can be entered while creating the Purchase Order.

The user can change the currency information for specific order before adding a line. Just after a line is entered the Currency fields are disabled:

Currency Code - Select the Currency Code of the currency the Vendor will use.

Print In Curr.- Check this box (**Print P/O in Foreign Currency**) to request the display of amounts in foreign currency, when printing the Purchase Order.

Pay Rate - Select **P/O Rate** if you want to use the rate indicated on the Purchase Order Entry, or **Check Rate** to pay the amount based on the exchange rate at the time of payment (manual check entry).

Fixed Rate - Check this box if you want to use the negotiated **Fixed Currency Rate**.

Rate - Enter the currency rate you want to use.

Once all necessary fields are entered, click the **Lines** tab.

Two new fields: **Unit Cost in Currency** and **Extension in Currency**, have been added to the Lines grid::

	Item Code	Ordered	Back Ordere	Unit Cost	Extension	Unit Cost In Curr	Extension In Curr
1	1001-HON-H252	3.00	.00	58.897	176.69	89.000	267.00
2	1001-HON-H254	2.00	.00	83.500	167.00	126.177	252.35
3	6655	1.00	.00	81.250	81.25	122.777	122.78
4		.00	.00	.000	.00	.000	.00

Description: HON 2 DRAWER LETTER FLE W/O LK
Warehouse: 000
Unit of Measure: EACH
Qty Received: .00

Total Amount: 424.94

The **Unit Cost** or **Extension** of each item can be entered in either US or foreign currency.

Once all desired items are entered on the **Lines** tab, click the **Totals** tab.

The screenshot displays the Sage Purchase Order Entry (ABC) 11/28/2014 window. The interface includes a header with the Order Number (0010065) and navigation buttons. Below the header, there are tabs for 1. Header, 2. Address, 3. Lines, and 4. Totals. The Order Date is 11/28/2014, Order Type is Standard Order, and Order Status is New. The Vendor No. is 01-AIRWAY, with Airway Property. The Order Total is 455.75, and the recalculated total in foreign currency is 688.68. The 'In Foreign Currency' button is highlighted. The 'Recalc Totals in Currency' section shows the Order Total in US currency (455.75) and the recalculated total in foreign currency (688.68). The 'Less Prepaid Amount' is .00, and the 'Order Balance' is 455.75. The 'Prepaid Freight' is .00. The 'Last Receipt Number', 'Last Receipt Date', 'Last Invoice Number', 'Last Invoice Date', 'Completed Date', and 'Invoiced to Date' fields are also visible.

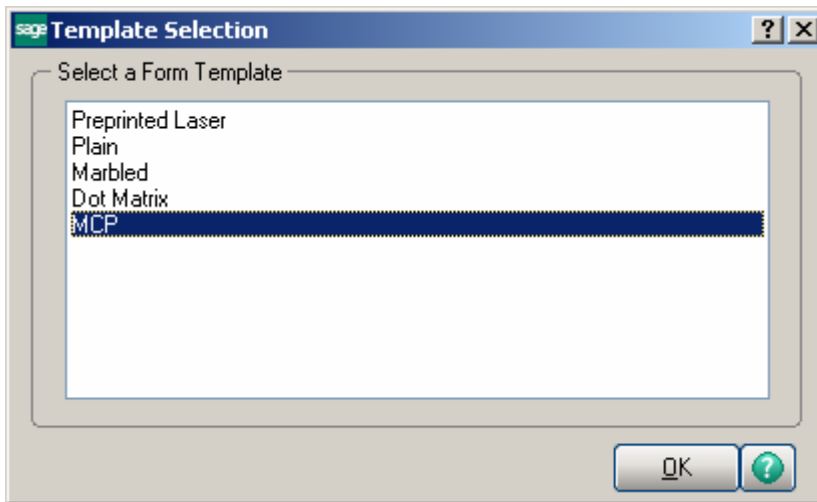

This screen displays **Order Total** both in US currency and In Foreign Currency.

The **In Foreign Currency** button allows for recalculating Order Total in foreign currency.

***Note:** The new fields will be displayed when the Vendor uses foreign currency; otherwise, the MCP related fields will be hidden from the user.*

Purchase Order Printing

The **MCP** form has been added to the Purchase Order Printing templates.

If the **Print in Currency** check box is selected in the Purchase Order Entry, the Currency information is displayed on the printing. The Unit Cost and Amount fields are printed in Currency.

Receipt of Goods Entry

Select **Receipt of Goods Entry** from the **Purchase Order Main** menu and click the Header tab.

When a PO No. is selected, the **Curr. Code**, **Pay Rate** and **Rate** fields are populated with foreign currency information from the selected Purchase Order (if foreign currency was used).

The screenshot displays the Sage Receipt of Goods Entry (ABC) 11/28/2014 window. The interface includes a header section with tabs for 1. Header, 2. Address, 3. Lines, and 4. Totals. The Receipt Number is 001019, and the Receipt Date is 11/28/2014. The Purchase Order Number is 0010065, and the Invoice Number and Invoice Date are empty. The Vendor No. is 01-AIRWAY, and the Airway Property is selected. The Order Type is Standard Order, and the Order Status is Open. The Required Date is 11/28/2014. The 1099 Form is set to None, and the 1099 Box is empty. The Sales Tax section includes Schedule CA, California, and Use Tax. The Purchase Address, Ship-To Address (0000 ABC Distributing Company), Terms Code (03 NET END OF MONTH), Ship Via, and Warehouse (000 CENTRAL WAREHOUSE) are also visible. The Confirm To field is Leo Henry, and the E-mail is lhenry@sage.sample.com. The Telephone is (714) 555-0980, and the Ext is 5852. The Comment field is empty. The Currency Code is CAN, the Pay Rate is PO Entry, and the Rate is 1.5111. The window includes buttons for Accept, Cancel, Delete, and Print.

The two new fields (**Unit Cost in currency** and **Extension in Currency**) added to the **Lines** grid, are the same as the ones on the **Purchase Order Entry** screen.

The screenshot shows the SAP 'Receipt of Goods Entry' window for document ABC dated 11/28/2014. The 'Totals' tab is active, displaying a summary of receipt amounts. The 'Total in Foreign Currency' field shows a value of 688.68.

Field	Value
Taxable Receipts	424.94
Nontaxable Receipts	.00
Freight Amount	.00
Sales Tax Amount	30.81
Receipt Total	455.75
Total in Foreign Currency	688.68

The Total In Foreign Currency field in the Totals tab displays the Total amount of the Receipt in foreign currency.

Receipt of Invoice Entry

Select Receipt of Invoice Entry from the Purchase Order Main menu.

When PO No. is selected, the new fields display foreign currency information from that Purchase Order (if foreign currency was used).

sage Currency Information

Currency Code CAND
Currency Rate 2.5000
Payment Rate Type Check Rate
Invoice Amount 375.00
Balance 375.00

OK

For Invoices created from P/O module the **Currency Information** screen displays also the **Net Invoice** amount:

The screenshot shows a 'Sage Currency Information' dialog box with the following fields and values:

Currency Code	CAND
Currency Rate	5.5455
Payment Rate Type	PO Entry
Invoice Total	1,129.73
Net Invoice	1,129.73
Balance	1,129.73

An 'OK' button is located at the bottom right of the dialog box.

Manual Check and Payment Entry

If Payment Rate (**Pay Rate**) on the Purchase Order is set to Check, 4 new fields will be added to the **Lines** tab of the **Manual Check and Payment Entry** screen opened from **Accounts Payable Main** menu.

This **Invoice Amount** field displays an amount, which is calculated taking into account the difference between **Currency** and **Payment Rates**.

The screenshot shows the Sage Manual Check and Payment Entry (ABC) 11/19/2014 window. The 'Lines' tab is active, displaying a table with the following data:

	Invoice No.	Invoice Date	Invoice Amt	Discount Amt	Cor
1	INV#0122	11/18/2014	175.93	.00	
2			.00	.00	

A pop-up window is open showing the following currency details:

Currency Code	EURO
Org Inv Amt	221.29
Currency Rate	1.7888
Payment Rate	2.2500

At the bottom of the window, the 'Check Distribution Balance' is 0.00 and the 'Payment Total' is 175.93. Buttons for 'Accept', 'Cancel', 'Delete', and a help icon are visible at the bottom right.

The **Currency Rate** field displays the rate of the created Invoice. The **Payment Rate** displays the Currency Rate for the date the check is entered or for the date closest to current date.

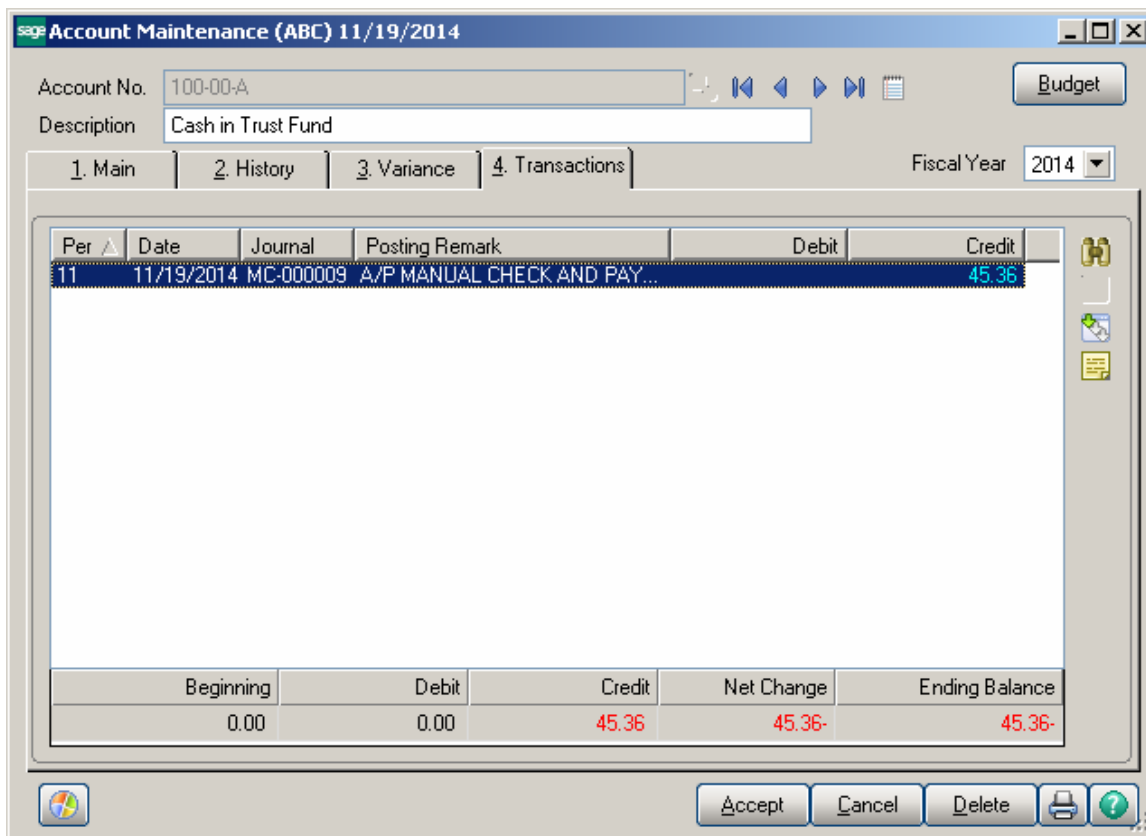

It is strongly recommended not to enter checks in the **Check Maintenance** program from the **Check Printing** menu of the **Accounts Payable** module.

The amounts in currency are not processed and cannot be viewed on the **Check Maintenance** screen.

The Currency processing works only during **Invoice Payment Selection** generation.

The Currency processing works only if one of the following: **Preprinted Laser**, **Plain** and **Marbled Form** templates are used for the **A/P Check Printing**.

If the **Payment Rate** in **Purchase Order** has been set to **Check** and the currency rate on the payment date is different from the Purchase Order rate, the difference is balanced with **G/L Account** specified for the Currency in the **Currency Code Maintenance** program under the **General Ledger Setup** menu.

If the **Currency Rate** and **Payment Rate** are the same, the **Invoice Amt** field value matches the **Org. Inv. Amt**.

Bank Code: D

Currency Code/Rate Modification

The **Currency Code/Rate Modification** program has been added under the **Accounts Payable Setup** menu to allow changing the Currency Code, Currency Rate and Pay type (by PO Rate or Check Rate) if needed.

	Invoice No	Invoice Date	Currency Code	Currency Rate	Pay By PO Rate
1	11	4/28/2014	CAN	1.2222	Check Rate
2	111	4/25/2014	CAN	1.5111	PO Rate
3	112	8/28/2012	CAN	2.4511	PO Rate
4	114	5/30/2014	CAN	1.5111	PO Rate
5	12	4/26/2014	CAN	1.5111	PO Rate
6	122333	11/18/2014	CAN	1.5111	PO Rate
7	123333	11/18/2014	CAN	1.5111	PO Rate
8	123456	4/10/2014	CAN	2.5100	PO Rate

Select the **Vendor No.** to view the list of updated invoices for the selected vendor. You may change the **Currency Code**, **Currency Rate**, or **Pay By PO Rate** for the entire Invoice. When entering Check for the invoice, the changed values will be used.
